## ITALY BALKS AT LEAGUE

Mussolini Reply Given Germany

Mussolini's reply to the German ultimatum is a direct challenge to the League of Nations. He states that Italy will not submit to the League's jurisdiction and will instead take action to protect its interests. This move is seen as a significant step towards the formation of a new alliance in Europe.

## SENATE VOTES FOR REPEAL

OF FEDERAL ESTATE TAX

Way Paved for Speed on Measure; Coolidge Firm in Strike Stand as Politics Comes to Fore

WASHINGTON, Feb. 10.—The Senate by a vote of 49 to 26 today adopted the recommendation of its Finance Committee repealing the Federal inheritance tax. Disposal of this contested issue clears the way for expeditious action on approximately twenty minor amendments still pending in the Senate. Chairman Green of the House Ways and Means Committee is prepared to lead a fight to retain the Federal estate tax with modified rates and with a clause allowing the several States credit of 80 per cent for payments on State inheritance taxes.

## HUNT VENTS OPPOSITION

Tirade Let Loose on Senate

Arizona Governor Raises Voice on Asserted Attempt to Pillage Water Rights

WASHINGTON, Feb. 10.—A letter from Gov. Hunt of Arizona, denouncing the provisions of the new Swing-Johnson bill for construction of the Boulder Canyon project on the Colorado River, was presented to the Senate today by Senator Ashurst, Democrat, Arizona. "Los Angeles and California," Gov. Hunt wrote, "with their wealth and arrogance, their newspapers, propaganda agencies, their distinguished representatives and Senators, Commissioner of Reclamation Mead, the powerful influence of the California Governor in the Cabinet, and the co-operation of Secretary Work of the Department of Interior, may succeed in inducing the United States and the other States of the basin to join in the rapine of Arizona, using the guise of the conservation of flood protection to set up the wolf of power and water greed."

## SPAIN'S FLYERS REACH GOAL

Buenos Aires Throgs Cheer as Trans-Atlantic Flight of 6232 Miles Ends

BUENOS AIRES, Feb. 10.—Commander Ramon Franco and his comrades on the Spain-to-Argentina air flight swept over Buenos Aires at 12:17 o'clock today, completing their great trans-Atlantic flight from Pales, Spain, a distance of 6232 miles in 62 hrs., flying time.

## PUBLISHERS PROTEST IN MAIL CASE

Intervention in Fixing of Rates Carriers May Charge Asserted of Importance

WASHINGTON, Feb. 10.—A renewed attempt to get the Interstate Commerce Commission to consider second-class postal rates and Postoffice Department methods in handling such business was made today by the American Newspaper Publishers Association. It filed a brief protesting the recent order of the commission, which refused to allow the association to intervene in pending proceedings for fixing charges on carriers may make for handling the mails.

## DRUGGING CHARGED

The four-fold "shame suicide" of the Petet family is charged with drug use.

## TWELVE DEAD AS HEAVY SNOWS BLANKET EAST

Scores of Trains Stalled and All Street Traffic Disrupted; Property Loss Great

NEW YORK, Feb. 10.—Northeastern United States, the chosen battle ground for the elements, lay under two feet of snow tonight as a result of the second blizzard within a week. Roaring down on the wings of northeast gales which piled up huge drifts on land and mountainous waves at sea, the storm laid a fresh covering ranging from ten to fifteen inches over the snow blanket left by last Thursday's blizzard. The drifts ranged from six to ten feet high.

Four Now Held in Petet Case

Chief of Police of Tia Juana Accused of Assault on One Girl Victim

Border Resort Town Seethes as Gov. Rodriguez Goes to Aid in Inquiry

EXCLUSIVE DISPATCH

SAN DIEGO, Feb. 10.—Four men, one of them the Chief of Police of Tia Juana, Mex., are under arrest in the border resort town in connection with the "shame suicide" of the Petet family. Chief of Police Llanos is a prisoner in his own jail, charged directly with the assault of pretty Clyde Petet, who followed her sister, father and mother in death by self-inflicted gas poisoning to hide the shame of a wild orgy that turned a pleasure trip for a touring Missouri family into an abyss of despair.

## THREE LOSE LIVES

IN WRECK OF SCHOONER

GLoucester (Mass.) Feb. 10.

Three lives were reported lost, three in the wreck of the fishing schooner Ralph Brown, near Gloucester, Mass., two in Connecticut, one in New York City, two in Boston and one in Philadelphia. Scores of persons sustained minor injuries as a result of street accidents. Railroads were crippled, motor and street-car traffic was suspended or demoralized. Property damage was great and the millions of dollars expended in removing the snow from the streets and highways went for naught.

LIKE MOVE PENDING  
Place Membership on Record  
Intervention by Congress

F. A. NIGHT WIRE  
16.—While the coal situation seems to be in the hands of the House today, the New York Times has placed the Democratic House action by Congress to relieve the coal situation on the record.

Mr. Black said he had no objection to the President's action in the coal situation, but he thought it was a mistake to place the coal situation on the record. He said that the coal situation was a matter of national importance and that it should be handled by the President.

As Sculptor Sees Dictator

The above photo shows a new bust of Mussolini which has just been completed by the famous sculptor Troubetzkoy. In the bust is shown all the facial characteristics of the militant Italian dictator.

organ of the German Ministry of Foreign Affairs.

BOYCOTT CAMPAIGN

"Has he denied that a campaign has been set on foot for a commercial and tourist boycott of Italy?"

No, because that campaign was begun and continued and made more intense, as I have had information this morning.

"Stresemann would like to minimize the importance of this campaign in the public markets, on the ground that it is a purely private affair."

Does he not know that the work of small groups of irresponsible individuals in the public markets, in the universities, in the postoffice, in the public markets, on the ground that it is a purely private affair."

Does he not also know that a surveillance committee for carrying out this boycott included a Liberal Deputy, an inspector of schools, two university professors and a former Minister of Justice?"

"Stresemann said no word in regard to that part of the speech in which I alluded to the absurd propaganda which the German press had been spreading since January 29, last, about the alleged Italian boycott in Prussia?"

"Stresemann said no word in regard to that part of the speech in which I alluded to the absurd propaganda which the German press had been spreading since January 29, last, about the alleged Italian boycott in Prussia?"

"Stresemann said no word in regard to that part of the speech in which I alluded to the absurd propaganda which the German press had been spreading since January 29, last, about the alleged Italian boycott in Prussia?"

# GERMANY ASKS LEAGUE BERTH

## Stresemann Makes Formal Application in Geneva

### Assembly Expected to Meet March 8 for Election

### Berlin Interested in America's World Court Move

GENEVA, Feb. 10.—Germany has launched her great peace offensive in Geneva. Foreign Minister Stresemann today made formal application for Germany's admission to the League of Nations.

The application for membership, submitted by Consul General Aschmann over Dr. Stresemann's signature, said in part:

"I have the honor, in accordance with Article 1 of the covenant of the League of Nations, to apply on behalf of the German government for admission to the League, respectfully requesting you to place the application on the agenda of the League assembly as soon as possible."

Attached was a copy of the note agreed upon at the Locarno conference, giving the Allies' interpretation of Article XVI of the League covenant as affecting Germany, and agreeing that her obligations under the article would be tempered to conform with her partial disarmament and geographic situation.

Friday's special session of the League conference will probably convene a League assembly for the election of Germany on March 8.

Germany's election and her designation as a permanent member of the council are expected to be followed by her adherence to the permanent court of international justice. German circles show lively interest in the League of Nations, and are anxious to know whether the United States Senate will prevent consummation of American membership.

### SUMS UP STAND

"I declare in the most explicit manner: First, that the alien population of the upper Adige is outside of those minorities who were the object of special accord in the peace treaties; second, that Italy will not engage in any discussion of that matter by any assembly or council, and because of that, the action of Tyrol Diet (intervention by the League of Nations) is useless; third, that the Fascist government will react with the greatest energy against all plans of such a nature, because it would consider itself guilty of the crime of treason if, for 100,000 Germans who made a descent upon Italian soil, it should compromise the peace and security of 42,000,000 Italians who surely form a national bloc, the most homogeneous and compact existing in Europe."

"These, my keynotes, are not threats, but are declarations of dignity and force, which facts can never be denied."

The Giornale D'Italia, commenting on the situation, says:

"Dr. Stresemann can say what he chooses, but we are masters in our own houses. If the melancholy cultural pretensions of the German people are converted into acts against our dignity, sovereignty or interests, our reply, and if necessary, reprisals will be immediate and adequate."

### MUSSOLINI HELD BEAST OF ST. JOHN

Head of Local Assembly Says Apocalypse Signs of World End at Hand

The end of civilization is near at hand, in the belief of the followers of David Joseph Rawlinson, pastor of the Church of the Assembly, Plymouth Brethren, at Alhambra.

Mr. Rawlinson and his flock are preparing for the end, which they believe will occur at any time. They have seen a fulfillment of many of the predictions of the Apocalypse in present world events and believe that Mussolini, dictator of Italy, is the Beast of the Apocalypse.

"I see in Mussolini many characteristics of the Beast and believe that he is a man fitted to lead in the world-wide disturbances that will precede the termination of our present civilization," says Mr. Rawlinson.

He does not take the title of reverend or doctor, as these titles are not countenanced in his church. Before the end of the world there will be a gathering of Jews from all parts of the world in Palestine, says Mr. Rawlinson. He believes that members of the Jewish race will found a kingdom in Palestine and that this kingdom ultimately will fall under the control of Mussolini.

From that time onward there will be "wars and rumors of wars" in the belief of Mr. Rawlinson. Civilization will perish in a single catastrophe, he says. The members of the Church of the Assembly believe that all these events will occur before the passing of the present generation.

### FAMED PUNCH MAKER DIES

SAN FRANCISCO, Feb. 10.—Duncan Nicol, San Francisco bartender, who became famous in prohibition days for a drink which he dispensed called "Punch punch," died here last night. Bonvivant, empire builders, writers and other men of note from over the world used to gather in his place to sip the ambrosial cup. He died without revealing to anyone the secret of making the punch.

### COLD RECEPTION GIVEN GRANGE

Station Is Deserted as Red Returns to Alma Mater; "Ghost" Deflected

(BY A. P. NIGHT WIRE)  
CHAMPAIGN (Ill.) Feb. 10.—Harold (Red) Grange, hero of the University of Illinois gridiron for three years, came back to his alma mater today, but there was a marked contrast in the welcome he got today with those of other days.

Instead of the thousands that milled about the platform in the past he was met only by a newspaper man and Harry McNeely, personal adviser and partner of C. C. Pyle, Grange's manager.

Grange appeared somewhat dejected when he saw the station deserted.

### HERMAN IS RELEASED TO MINORS

Brooklyn Sends Former Seattle First-Baseman to Minneapolis

(EXCLUSIVE DISPATCH)  
NEW YORK, Feb. 10.—First Baseman Floyd (Babe) Herman has been released by the Brooklyn Robins to the Minneapolis club of the American Association, under optional agreement as the sixth player in the deal which brings infielder Johnny Butler to the Brooklyn club.

Wilbert Robinson has arranged to take Outfielder Dennis Sothen of the Martinsburg club of the Virginia League to Clearwater for a trial. He has been ordered to report to the training camp on March 1.

## MRS. LEWIS WINS AUXILIARY CLASSIC

### Mrs. Jones Runner-up to Beverly Star in 54-Hole Play

California's Newest Feminine Title-holder in Action

(BY BILL WISE)  
MRS. GEORGE M. LEWIS of the Los Angeles Club, out in 19 at Hillcrest yesterday, dug down deep in her ample store of golfing lore and came home with a beautiful 40 for an 89 and a 54-hole aggregate of 257, to win low-gross honors in the annual women's auxiliary medal tournament that opened at Brentwood Monday.

California's newest representative champion led the first day field with an 85 and was home with an 85 for medal honors at Hillcrest Tuesday and ended her 54-hole drive with an 89 at Hillcrest yesterday, to finish 12 strokes under her nearest competitor in the feminine classic.

Mrs. Dan Jones of Rancho, after a fine 84 for second 10 gross at Hillcrest, slipped up to 93 at Hillcrest yesterday for a 14-hole total of 249 and second low-gross honors. Mrs. Jones was also runner-up to Miss Margaret Cameron, winner of the event last year, and missed collecting her second trophy low net by three strokes yesterday.

Mrs. Harry Grossman of Hillcrest, lead the fast field around her home course to win the third day's medal trophy with an 86. Mrs. Grossman collected a lot of hard luck during the first 36 holes and was out of the running for the tournament medal, but had little difficulty scoring under the stellar field yesterday.

Mrs. L. B. Elliott of Brentwood won Class A low net yesterday with 91-10-81. Mrs. Walter Deanie Dreyfus of Santa Barbara, after being within a few strokes of trophies for two days, came home with a 97 for Class B low gross yesterday. Mrs. C. H. Laithrop won class low net with 110-26-84.

Mrs. Gregg Lifer of the California Club, duplicated her Hillcrest 89 gross yesterday and won the fifty-four-hole low-net trophy with 255. In the Class B play, Mrs. R. W. Little of the Los Angeles club broke 100 for the first time

## WORLD RECORDS FALL IN SWIM

### Miss Wehslau Breaks Mark But Fails to Place

Miss Wehslau Breaks Mark But Fails to Place

Martha Norelius Credited With New Time

Agnes Geraghty Establishes New Breast-Stroke Mark

(BY A. P. NIGHT WIRE)  
ST. AUGUSTINE (Fla.) Feb. 10.—Miss Martha Norelius of New York became national champion today in the 226-yard free-style swim of the American Athletic Union championship for women here. In winning the final she broke all existing records with a mark of 2m. 44 3-5s.

In the first heat, Miss Marichen Wehslau of Honolulu broke the then existing record when she won with a mark of 2m. 45 3-5s. However, she did not place in the final in which Norelius chopped a full second from the new mark established by a few minutes before. Miss Ethel Lackie of Chicago won the second heat with a mark of 2m. 49 2-5s.

Miss Norelius' time was 4m. 44 3-5s. In the final, previous American record was 2m. 46 4-5s. established by Gertrude Ederle in Brooklyn in 1924. The old world's record was 2m. 46 3-5s. and was made in England in 1923 by Hilda James.

Miss Wehslau was fourth in the final. Second place went to Ethel Lackie of Chicago in a finish so close that Miss Lackie also was credited with bettering the old world's record. Ethel McGarry of New York was third.

Another world's record was established for the existing breast-stroke event, which was won by Agnes Geraghty of New York, in 2m. 48 4-5s. The former world's record was 2m. 1-5s. made in May, 1922, at Liverpool by Irene Gilbert of England.

The old American record, 2m. 3 1-5s. was made by Miss Geraghty at the Wentworth pool, Portsmouth, N. Y., last August.

Byron Bauer, Northwestern University, who represents the Illinois Athletic Club, retained her national championship title in the 100-yard backstroke. She won easily from a field that included Dorothy Colyer of Detroit, who was second, five yards behind Miss Bauer. The winner's time was 1m. 15 3-5s., compared with her own world's record of 1m. 13 2-5s.

The summary follows:  
226-yard national championship—First heat, Marichen Wehslau, Honolulu, 2m. 44 3-5s.; second, Ethel Lackie, Chicago, 2m. 49 2-5s.; third, Martha Norelius, New York, 2m. 45 3-5s.; fourth, Miss Wehslau, Honolulu, 2m. 45 3-5s. (from world record).  
100-yard backstroke—First heat, Dorothy Colyer, Detroit, 1m. 15 3-5s.; second, Miss Bauer, Northwestern University, 1m. 15 3-5s.; third, Miss Lackie, Chicago, 1m. 16 3-5s.; fourth, Miss Geraghty, New York, 1m. 17 3-5s. (from world record).  
50-yard breaststroke—First heat, Miss Geraghty, New York, 1m. 15 3-5s.; second, Miss Lackie, Chicago, 1m. 16 3-5s.; third, Miss Wehslau, Honolulu, 1m. 17 3-5s.; fourth, Miss Geraghty, New York, 1m. 17 3-5s. (from world record).  
100-yard freestyle—First heat, Miss Geraghty, New York, 2m. 48 4-5s.; second, Miss Lackie, Chicago, 2m. 49 2-5s.; third, Miss Wehslau, Honolulu, 2m. 49 2-5s.; fourth, Miss Geraghty, New York, 2m. 49 2-5s. (from world record).

(Continued on Page 3, Column 6)

## HUNGARIAN STAR JOINS MERCURY

Fekete, 1926 Olympic Games Walker, Latest Recruit to L.A.A.C. Track Team

The Los Angeles Athletic Club track team, not being content with home-grown talent, has reached out and secured the services of H. Fekete, who competed in the walking events of the 1926 Olympic Games as a member of the Hungarian team. The addition of Fekete to the Mercury leaves the Blue and White aggregation well taken care of in walking events.

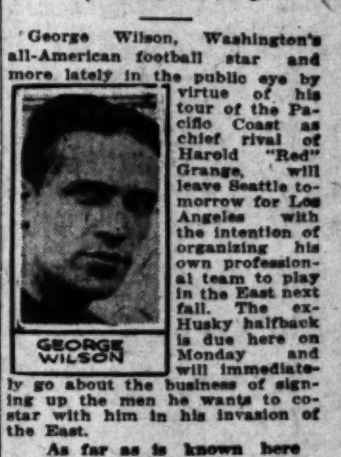

Frank Smouse, National Junior walking champion, who gave Willie Plant, two close races last year, also competes for the L.A.A.C. Fekete and Smouse will give an exhibition mile walk when the L.A.A.C. and Occidental track teams clash at Patterson Field next Saturday.

## SEEKING LOCAL MEN FOR SQUAD

### Ex-Washington Halfback is Due Here Monday

Plans to Invade East Next Fall With Own Team

Grange's Manager to Line Up Schedule for George

George Wilson, Washington's all-American football star and more lately in the public eye by virtue of his tour of the Pacific Coast as chief rival of Harold "Red" Grange, will leave Seattle tomorrow for Los Angeles with the intention of organizing his own professional team to play in the East next fall. The ex-Husky halfback is due here on Monday and will immediately go about the business of signing up the men he wants to co-star with him in his invasion of the East.

As far as is known here Wilson has not signed with any manager, preferring to do his own business. At various times since turning professional George has remarked that he will never give any man more than 25 per cent of what he (Wilson) makes on the gridiron. In talking with Wilson it becomes apparent almost immediately that George has no intention of parting with half his earnings—a la Grange. The Wheaton whirlwind pays Mr. C. C. Pyle's board, room and most of the necessities of that man's life. Pyle getting an even 50 per cent of what the Red-head collects for his wanderings up and down the field.

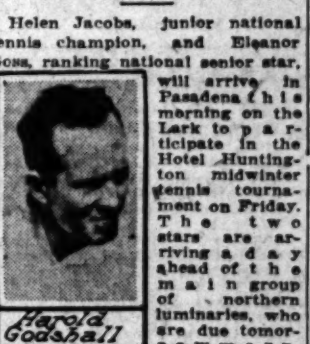

Recent dispatches from Seattle and New York, quoting both Wilson and Pyle, indicate that the latter will work out a schedule for George's team, but that Wilson will not be under his management. According to Wilson, Pyle offered him \$15,000 for his services next fall. Wilson turned down the bid, claiming to have three other offers, all for \$25,000.

Wilson stated while in San Francisco a few weeks ago that he liked the material that played with him here better than that which made

## WOMEN NET STARS HERE FOR GAMES

### Eleanor Goss and Helen Jacobs Arrive Today for Meet at Pasadena

Helen Jacobs, junior national tennis champion, and Eleanor Goss, ranking national senior star, will arrive in Pasadena this morning on the Lark to participate in the Hotel Huntington midwinter tennis tournament on Friday.

The two stars are arriving a day ahead of a group of northern luminaries, who are due tomorrow morning.

The drawings have not been made as yet, but they will be made either this afternoon or tomorrow morning, just before the first matches. It is expected, however, that Miss Goss's first opponent will probably be Mary Strong, while

(Continued on Page 3, Column 1)

## RIDICULES CONTROVERSY

### "Trivial," Says Heydler of Argument as American League Fails to Sanction Resin

(BY A. P. NIGHT WIRE)  
NEW YORK, Feb. 10.—Unperturbed by American League refusal to concur in the use of resin by pitchers, John A. Heydler, president of the National League, today characterized the present controversy as "trivial" and asserted that special rules governing the use of the substance in the world's series will not be necessary.

"If the American League does not want to sanction the use of resin, I don't think any other power in baseball can force its use," he said.

"The whole controversy appears trivial to me. The rule as adopted by the joint rules committee, makes the use of resin optional. It says specifically a pitcher may use resin."

The National League will not seek special rules to cover the use of resin in the world series, President Heydler asserted.

"They will not be necessary," he said. The two leagues have differed before on various rules.

## MIDWICK NOVICE TEAM SWAMPS

### ARMY FOUR BY 9-TO-5 SCORE

(EXCLUSIVE DISPATCH)  
DUBLIN, Feb. 10.—Midwick Country Club, center of Southern California polo for many years, has produced another whirlwind team, a team that today smothered the crack Eleventh Cavalry four of the Monterey Presidio, 9 to 5, in the semifinals of the Pacific Coast novice championship.

The question rank a heavy favorite over

## ANGEL PILOT NOT WORRIED

### Krug Believes Infield of Jacobs, Staley, Mitchell and Hemingway Will Prove Efficient

(BY ROBERT RAY)  
While numerous members of the local baseball citizenry are wringing their hands and wondering what's to be done about the Angel Infield situation, Marty Krug, pilot of the Seraphs, who should be concerned if anybody should be, is not worried a bit. Marty, although he admits he is on the lookout for either a first or third-sacker, says that there's nothing to worry about with Ray Jacobs, Gale Staley, Johnny Mitchell, Ed Hemingway and Jimmy McAuley all drawing salary from the Angel bosses.

The Seraph skipper intends to start the season with Jacobs at first, Staley at second, Mitchell at short and Hemingway at third, using McAuley for utility purposes.

"The success of the infield," says Marty, "depends on whether Staley is a good ball player or not. I believe Jacobs will prove a capable first-sacker as soon as he learns to shift his feet, while Mitchell and Hemingway should handle the

(Continued on Page 3, Column 4)

## WHITTIER AFTER EARLHAM FOR GAMES; DENIES NEW YEAR DATE

(EXCLUSIVE DISPATCH)  
RICHMOND (Ind.) Feb. 10.—Earlham's football team will meet Whittier College of California at Los Angeles next New Year's Day in the first game of a home-and-home arrangement. This contest, which is the feature of the gridiron card, announced today by Coach M. O. Rosa, will be the first great intercollegiate game in the history of Earlham and the first in which a member of the Indiana intercollegiate conference has met a Coast opponent. The return tilt will be played in 1928, probably at Indianapolis.

WHITTIER DIRECTOR DENIES SIGNING  
Admitting that Whittier College

**SAYS HOME AND ART WON'T MIX**

**Opera Star Holds Families Are Interference**

**Asserts All Time Necessary for Professional Work**

**But Thinks Laywoman Ought to be Housewife**

[BY A. P. NIGHT WIRE]

NEW YORK, Feb. 10.—It is all right for a woman artist to be free of home ties, Jeanne Gordon believes, but studio life is not for the "laywoman."

To the young American central to the Metropolitan Opera Company it appears that the general emancipation of women has wrongly brought upon the stage artists, whose freedom from responsibilities of the home she feels is a necessity.

"An artist should not be distracted by necessity minor details of a family routine, which so naturally belong to the woman," she said. "Sometimes she is forced to do both, but it is a great strain to run a career and a large household, too."

"Then you do not believe in marriage for the woman artist?" she was asked.

"Oh, yes, I do. Too many successful professional marriages are on record. But such happy homes have been gradually built up, if I may use that phrase. The many great artists who have large families and equally large establishments have housekeepers and servants to handle the domestic situations while they are busy singing, or away."

The woman artist very often has to live alone, away from family cares and unhampered by family interferences—even though they be kindly meant—in order to be able to preserve the necessary artistic routine of work.

"This has nothing to do with that oft-abused pose of the artistic atmosphere required, but is an absolute requirement as to actual time-hours in the day needed to attend to countless things that must receive attention between concert and operatic engagements. It is not so much of the artistic freedom that is at stake as it is the use and abuse of it by the laywoman who does not need it and who emulates and blames the musical artist as a bad example. It is often at a very great sacrifice that the artist gives up home ties. It is not always sunshine and a career is not always just merely admiration and success."

But still the average woman clings to emulating the artist. Now every flapper, no one knows why, seems to think she must set up her own establishment—and many of them without a purpose that justifies complete or isolated independence. They assume the pose of the call to art and develop the studio as the life.

"These artistic dilettantes would be far better and much happier with family guidance which they have fung to the winds and which the real artist would gladly welcome but for the demands of art."

**HAWAII FOUND PROSPEROUS**

**Secretary Work's Report Shows Territory Flourishing and in Good Financial Condition**

[EXCLUSIVE DISPATCH]

WASHINGTON, Feb. 10.—In marked contrast to his rather pessimistic and depressing remarks concerning the Territory of Alaska, Secretary of the Interior Hubert Work calls a new tune in his statements about the Territory of Hawaii in his annual report. Pessimism gives way to optimism and eagerness to enthusiasm in this section of the Secretary's report which reviews the life and progress of Hawaii in 1925.

Basing his statements upon the report of Wallace R. Farrington, Governor of Hawaii, Secretary Work begins his remarks by saying: "The Territory has enjoyed a steady growth and continued progress during the year. The progress of the year is the widespread recognition of the strategic importance of the islands to the principal islands to the nation and in the service of the developing commerce of the Pacific area. Progress of the agricultural industries is very gratifying. The sugar and pineapple enterprises have harvested the largest crop on record. The sale price of both sugar and canned pineapples has ruled lower than the previous year, but the total income of the Territory is not materially reduced. The sugar and pineapple industries through many vicissitudes and now offers a fair prospect of advancement on account of the distinctive and attractive quality of the Kona brand."

**FINANCIAL STATUS**

In the twenty-five years that Hawaii has been a Territory of the United States it has paid into the Federal Treasury an amount in excess of \$117,000,000. During the year it has received more than \$7,500,000, and, as there is a rapid growth in population and a great advance in the development of the Territory, it is not unreasonable to believe that this amount will increase greatly in the future. The property and financial soundness of the people were reflected in the bank deposits of \$61,000,000, the rise and record of about the savings accounts were slightly less than the previous year. The Governor of Hawaii and Secretary Work account for this phenomenon by the people who are the biggest savings depositors investing heavily in homes.

Hawaii seems to enjoy good health. Its shrinking death rate and its increasing birth rate indicate a healthy condition. There has been no serious epidemic in the Territory during the past year, which attests to the excellent sanitary condition of the islands. This is more striking when it is considered that the islands are in an extremely exposed position in relation to trans-Pacific traffic. Doubtless the continued to take the heaviest toll of any disease. Measures and regulations for the control and cure of leprosy are having an excellent effect.

The labor situation in Hawaii is favorable. The year witnessed the rise and fall of a disturbance among Filipino laborers, which was designed to bring about a general walk-out on the sugar plantations by the workers. This, however, failed to crystallize because of the lack of contentment prevailing among the laborers. These people are well cared for and have been given general programs for increasing their income through planting contracts. There is at present no shortage of labor in the Territory. The sugar plantations were said to be the work of Japanese newspapers.

There is no other sugar-producing country in the world where the laborers and their families are better cared for and better paid or better rewarded for their work than Hawaii. Likewise, there is no other opportunity for the small farmer who wishes to set himself up in the islands. There are numerous tracts which are confined principally to the fertile lands on the island of Molokai, under the administration of the Hawaiian Homes Commission. This continues to show every promise of success.

There is also another favorable condition in the co-operation between the officers of the Territory and the small farmers in the matter of financing their crops. The officers lend their assistance in obtaining favorable terms from the small farmers in the matter of obtaining loans at low interest. By these methods the growers are materially aided in producing their crops.

**HAWAIIANS DENY PART IN MERGER**

**Rumored Entry of Pineapple Company in Food Combine Refuted**

HONOLULU, Feb. 10.—A telegraphed report from California that the Hawaiian Pineapple Company may merge with the California Packing Corporation and other large packers in a gigantic food-stuffs merger is denied emphatically by the home office of the pineapple company here.

The rumor mentioned the Hawaiian Pineapple Company, California Packing Corporation, Postum Cereal, Jello, Biscuit Packing and Calumet Baking companies as proposed uniting in the amalgamation.

James D. Doie, president of the Hawaiian Pineapple Company and generally regarded as the leading pineapple man in the islands, says there is no foundation for the rumor, so far as his company is concerned.

As a matter of fact, the Hawaiian Pineapple Company, control of which is very definitely in the hands of the Hawaiian stockholders, would appear to have little to gain by such a merger. It is a large money maker now, has built up the largest pineapple business in the world from nothing in just a little over twenty years, and is now well along in a great expansion plan, which will virtually double its output.

The Hawaiian Pineapple Company more than two years ago purchased the island of Lanai, which is of about 30,000 acres, and is part of the Hawaiian group. There are about 20,000 acres of land on Lanai suitable for pineapple production, and the company is investing a total of more than \$3,000,000 in land and development.

From this island the fresh pineapples will be towed in great barges to the port of Honolulu, sixty-five miles northwest, and there turned into the canned product.

**Ray Between Ultra-Violet and X Found**

[BY CABLE AND ASSOCIATED PRESS]

LONDON, Feb. 10.—A discovery of a new type of rays, supposed to lie between the ultra-violet and X-rays, is announced by C. E. Winn Williams of the University of North Wales at Bangor.

It is said the new rays penetrate the air for several inches, but are stopped by all solids, even by gold leaf. While X-rays can penetrate a half-inch of lead and the recently discovered Millikan rays pass through six feet of lead.

**Concrete is the aristocrat of pavements**

**News from Los Angeles About Concrete Streets**

Los Angeles now has more concrete streets than any other city in the country—a total of over 220 miles. And they are directly linked with several thousand miles of concrete roads in California, thus forming an extension of one of the most famous highway systems in the world.

Motor traffic from every section of the state flows along these sturdy streets all day and far into the night. This includes countless automobiles, huge trucks loaded to capacity, and busses built like Pullmans.

Only streets paved with the knowledge and experience of the modern highway builder direct could long withstand this punishment. The concrete streets of Los Angeles are doing so year after year—with practically no maintenance.

They are also meeting the stern demand of skid-free safety—even on the steepest grades.

And concrete is the preferred pavement in the residential sections, as well as in the industrial. For its attractive, light gray color makes it the finest looking pavement money can buy. It is always clean and neat, and it always has a true, even surface.

These are some of the reasons why Los Angeles and hundreds of other alert cities are laying concrete streets, and will lay more.

All of the facts are in our free booklet on "Concrete Streets." Ask for your copy.

### MYSTERY IN AUTO WRECK AT MERCED

Three Men, Two Women Reported Injured in Car Registered at Hollywood

(EXCLUSIVE DISPATCH)  
MERCED, Feb. 10.—Profound silence is maintained concerning a motor car wreck this morning on the State highway two miles south of Merced in which five passengers, three men and two women are reported to have received injuries. The car, registered under the name of Gus Muller, 1425 Van Ness avenue, Hollywood, is supposed to have been on route from Hollywood to San Francisco, and to have skidded on slippery pavements. Registered today at a local hotel, Jean Rivers is said to be suffering from head injuries; the second, registered as Billie Brook, received injuries to the head. Muller was injured with another man giving the name of James Harmon who received fractured bones. A third man is said to have been the colored chauffeur.

The two women deny that they were in the accident and declare they know nothing of it. At 1425 Van Ness avenue, Hollywood, the address given on the automobile license as that of Gus Muller, injured near Merced early yesterday morning, no one of that name is known. Rose Brothers Truck Company, established at that location for several years, denies any knowledge of Muller and an attaché said he is not employed by the concern nor associated with it in any way.

### Service at Sea Honors Heroes Who Lost Lives

(BY A. P. NIGHT WIRE)  
A BOARD OF SEN. PRESIDENT ROOSEVELT (En route to New York) Feb. 10.—Impressive ceremonies were conducted on board the President Roosevelt today near the spot where Uno Witanen and Ernest Heltman lost their lives in the first attempt to rescue the crew of the British steamer Antiope. Bishop Hiram A. Boas of the Methodist Episcopal Church, South, conducted the service, assisted by Father Louis B. Pastorelli of St. Joseph's Seminary, Baltimore. A talk was made by Capt. George Fried. The captain and the members of the lifeboat crew, which accomplished the rescue of the Antiope's men cast wreaths and bouquets of spring flowers sent by relatives and friends of the two dead heroes upon a sea almost as angry and restless as that in which Witanen and Heltman went to their deaths.

### DEBT PLAN ACCEPTED

Belgian Deputies Vote Approval of Washington Terms

(BY CABLE AND ASSOCIATED PRESS)  
BRUSSELS (Belgium) Feb. 10.—The Chamber of Deputies today approved the Washington agreement for the funding of Belgium's war debt to the United States. The vote was 75 to 9, with eight abstentions.

(BY CABLE AND ASSOCIATED PRESS)  
ROME, Feb. 10.—The Italian Senate today approved the debt settlement with Great Britain by a vote of 170 to 7 after Finance Minister Volpi had given a lengthy explanation of the nation's financial situation.

### SUSPECT IN COAT

THEFT FATALITY SHOT

(EXCLUSIVE DISPATCH)  
SALT LAKE CITY, Feb. 10.—James Confrey, 38 years of age, was fatally shot about 8 a.m. today by Patrolman George Phillips, when Confrey refused to halt at the policeman's command, and after two shots had been fired into the air. Confrey was suspected of stealing an overcoat.

### TWENTY-TWO STATES

REJECT LABOR BILLS

(BY A. P. NIGHT WIRE)  
WASHINGTON, Feb. 10.—Twenty-two States have rejected or postponed action on the child labor amendment to the Constitution, while only four, Arizona, Arkansas, California and Wisconsin, have approved it. Secretary Kellogg today informed the House.

### REDWOOD HIGHWAY OPEN

(BY A. P. NIGHT WIRE)  
SACRAMENTO, Feb. 10.—The Redwood highway, recently blocked by a series of slides, has been opened to daytime traffic as far as Crescent City, the State Highway Commission announced today. Night travel still is prohibited beyond a point five miles south of Scotia, as the continuing slide at any time. The region may

### CONCERN IN ANSATION DEAL

Petroleum Buys Gasoline Company

Absorption Plants to Increase Output

Involved in Purchase at \$5,000,000

Forward step in its expansion was taken yesterday when the California Petroleum Company announced the acquisition of the California Gasoline Company.

The second largest production of gasoline in the state, the California Gasoline Company, will be absorbed into the California Petroleum Company.

The deal was announced by Daniel E. O'Brien, president of the California Petroleum Company, and C. E. Olinde, vice president in charge of refining and distribution of California Petroleum.

The terms of the transaction, which will be handled by the California Petroleum Company, are not yet known.

The California Petroleum Company, located in the Huntington Beach and Santa Ana areas, has a present daily output of 60,000 gallons of gasoline.

The California Gasoline Company, located in the Santa Ana and Huntington Beach areas, has a present daily output of 110,000 gallons of gasoline.

The California Petroleum Company will have a production of 170,000 gallons of gasoline daily.

**BANK DEPOSITS GAIN IN STATE**

Total Increase in Last Quarter of 1925 is \$142,146,033  
The A. P. Night Wire SAN FRANCISCO, Feb. 10.—Commercial and savings gross deposits in the State banks of California increased \$142,146,033 during the period between September 23, 1925, and December 23, 1925, the State Department of Finance announced today.

The gross commercial deposits on December 31, 1925, totaled \$788,762,189, while the gross savings deposits on the same date were \$1,564,415,375.

**FOX FILM EARNINGS REPORTED**

First Report Since Public Was Admitted to Ownership Shows Good Position

The Fox Film Corporation, including subsidiaries, yesterday issued its first balance sheet since the company admitted the public to ownership of its securities, showing total assets of over \$26,650,000 as of November 28, last, compared with \$24,509,000 in June after giving effect to new financing in that month. Total current and working assets were \$17,456,000, of which \$4,748,000 was in cash and \$500,000 in the form of call loans. This was in ratio of 18 1/2 to 1, as compared with total current liabilities of \$946,000.

**Unfilled Steel Order Report Shows Decline**

NEW YORK, Feb. 10.—Unfilled orders of the United States Steel Corporation on January 31, made public today, aggregated 4,532,739 tons, a decrease of 150,625 tons, compared with the end of the preceding month.

**MAY UPSET OIL MERGERS**

Threat of Government Investigations Possible Deterrent to Deals; Alliances Forming

BY EARLE E. CROWE  
Just as the swing of the stock market enters the stage where oil deals are favorably regarded by banking houses and the public, it begins to look as if a recurrence of government investigations may postpone the plans under way. Whatever the merits of the government's possible case against the Ward food products merger, the fact that Congressional scrutiny is again turned on big business is a palpable influence against any kind of consolidation. It is significant that the negotiations for the combination of Postum Cereal and California Packing have been dropped, at least temporarily.

So far there is no suggestion to the trust busters, are the most active. Standard of Indiana, having acquired Pan-American Petroleum and Transport, is a powerful figure in domestic and foreign fields. It has a working agreement with Sinclair Consolidated and may eventually absorb Sinclair. Standard of New Jersey is one of the strongest companies in the industry, and is probably the most powerful competitor abroad of the Royal Dutch-Shell combine. And, finally, the newly constituted Standard Oil Company of California is pursuing an expansion policy of its own.

Among the so-called independent oil companies, several alliances are forming. The popular impression is that the independents are favorable to the consolidation as a protective measure against the standard oil companies. The Standard Oil Company of California, however, is not in the same position as the other independents. It is a company that is steadily expanding its marketing system. Such a consolidation would eliminate the possibility of greater competition and place the industry in a healthier state. What the government investigators will think is another matter.

While the existing uncertainty may impel hesitation, it is clear, nevertheless, that the oil industry is reaching the point where a consolidation is required to compete with the enormous financial resources of the standard oil companies. The organizations with the capital are protecting themselves by the process of purchase and consolidation, each competing against the other. The race has now narrowed down to four or five outstanding alliances.

**ROYAL DUTCH QUET**

Abroad, the Royal Dutch-Shell still growing. In the United States it has made no move in the way of purchase or consolidation since the attempt to obtain Union Oil of California failed. Royal Dutch's American subsidiary, the Shell Union Oil Corporation, however, is an important unit in the American fields, and it is conceivable that this company may take a hand in the rivalry in the United States before it is over. The oil industry, perhaps it is reasonable to assume, still remembers the bitter experience of the Standard Oil Segregation as a result of the trust suits, and will not walk into another situation of that kind with its eyes closed. It is hard to place.

**ROYALTIES NET INCOME UP**

Earnings of Oil Company in 1925 Show Gain; Dividends Resumed Last August on 8 Per Cent Basis

Net income of the United States Royalties Company for the year ended December 31, last, before depreciation and depletion, amounted to \$213,906.77, equivalent to 7 1/2 cents a share on the 2,999,980 shares of common stock outstanding, as compared with \$202,422.86, or 6 1/2 cents a share, for the year 1924, according to the annual report issued yesterday by W. Clark, treasurer and general manager.

Gross income for 1925 amounted to \$228,294.25, of which \$288,402.81 was derived from the sale of oil, less royalty payments. This compares with gross income of \$413,569.38 in the preceding year. Operating expenses in 1925, however, amounted to only \$114,387.48, as against \$120,137.02 in the year 1924.

Net current assets on December 31, last, after deducting royalty payments on oil, were \$75,866.29, as compared with current liabilities of \$22,865.35, a ratio of better than 2 to 1. The reduction in current assets as compared with figures shown on June 30, last, is due to large payments made during the last half of the year in the purchase of additional properties and in the payment of dividends which were resumed in August of last year. This addition to property should, it was stated, be reflected in an increase in earnings during the current year.

Net oil production for the year before payment of royalties was 371,993.45 net barrels, an average for the entire year of approximately 1929 barrels a day. These figures include only the California production from the company's own wells and do not take into account any production during the first half of the year from the Texas properties, which were acquired in May, nor any royalties received. Substantial amounts have been written off for depreciation of oil well facilities, depletion of oil reserves and the tangible cost of well development. During the past three years a total of \$440,259.43 has been written off as a reserve for such decline in values.

Last year the company purchased the Edgington Community lease, together with the wells, storage tanks and pumping equipment of the Calmont Oil Company in the Signal Hill field at a cost of \$67,500. The property contains approximately four acres on which the Calmont company drilled four wells and it is the intention of the United States Royalties Company to deepen two or more of these wells the deepening of one of which is now in progress. Deepening and redrilling of other wells are contemplated this year.

Dividends resumed last August, the United States Royalties Company resumed the payment of dividends on its stock and since that time has been making such distributions every three months at the rate of 1/2 cent a share, equivalent to 8 per cent per annum on the par value of the stock.

During the past year the company's common stock holdings in the United States Refining Company, there sold to the Southwest Petroleum Engineering Corporation. In this connection Mr. Clark said: "While our common stock interest gave the company a voting control in the refining company, the conditions under which the preferred stock of that company was issued gives to the preferred stockholders the prior right to all earnings until they have received back the entire amount of their

**POWER AND GAS EARNINGS LESS**

Los Angeles Gas and Electric Annual Report Out

Gross Receipts Increase in 1925 Over 1924

Write-off for Depreciation Shows Large Gain

Net earnings of the Los Angeles Gas and Electric Corporation for the year ended December 31, last, after all charges, including depreciation, amounted to \$2,968,548, or equivalent to \$15.44 a share on 192,246.87 shares of preferred stock outstanding, compared with \$3,113,535, or \$22.02 a share, during the preceding year, according to the annual report issued yesterday at the annual meeting of stockholders by William Baurh, president.

The decrease in earnings over the year 1924 was due to the greater write-off for depreciation, operating expenses and interest paid on bonds outstanding. The amount set aside in the depreciation fund during 1925 was \$1,682,910, as compared with \$1,338,370 in 1924. Gross receipts for the year ended December 31, 1925, amounted to \$19,257,712, over the total of \$18,056,732 in the preceding year. Operating expenses for 1925 amounted to \$11,289,168, as compared with \$10,610,118 in 1924.

On December 31, last, total assets of the company amounted to \$94,557,546, of which \$52,484,342 was fixed assets, including land and equipment. Capital stock and stock subscriptions totaled \$31,724,687, of which \$19,224,587 was preferred stock and \$12,500,000 common stock, and the bonded debt of the company was \$46,265,000. Surplus and reserves totaled \$12,731,115.

Net additions to plants and equipment during 1925 amounted to approximately \$19,425,000, of which the principal improvements were a waterless gas holder of 16,000 cubic feet capacity, two 1,000,000 cubic feet per hour gas compressors, two 850 boiler horsepower water-tube boilers, extension of 12 1/2 feet of water gallery, 149 miles of gas-main extensions and completion of Seal Beach station. Two substations and an electric shop were constructed, in addition to a double circuit, steel tower, transmission line from Seal Beach station to Los Angeles, and 730 miles of main wire and about six miles and one-half miles of underground.

During 1925 the corporation sold more than 15,900,000 cubic feet of gas, an increase of about 1,850,000,000 cubic feet, or 12 per cent, over the amount sold in the preceding year. More than 156,000,000 kilowatt-hours of electricity were sold to consumers, an increase of 26,000,000 kilowatt-hours, or 20 per cent over 1924.

At the beginning of the current year the corporation had a total of 326,018 gas and 123,416 electric meters set, a total of 449,434, as compared with 304,318 gas and 111,075 electric meters, a total of 415,393 at the start of 1925, a total increase of 34,041 gas and electric meters. The Hill-street site of the company's former main office building, comprising 8000 square feet, was sold in 1925.

Following is the income account of the corporation for the year ended December 31, 1925:

	1925	1924
Total receipts	\$19,257,712	\$18,056,732
Operating expenses	\$11,289,168	\$10,610,118
Interest paid on bonds	\$1,682,910	\$1,338,370
Balance available for depreciation, dividends, fund	\$4,557,434	\$1,829,310
Depreciation reserve fund	\$1,682,910	\$1,338,370
Balance for dividends and surplus	\$2,968,548	\$3,113,535

**Public Service Company Liens on Market Here**

Several new extensions and important improvements in the properties of the American Public Service Company are being financed with part of the proceeds of the issue of \$2,500,000 first lien 5 per cent bonds, series "C," due December 1, 1945, to be offered today by Halley, Stuart & Co. and A. E. Leach & Co. at 93, yielding about 5.65 per cent.

In addition the company's \$474,500 8 per cent collateral notes due March 1, 1941, will be retired with a part of these funds. The company controls through ownership of capital stock and all outstanding funded debt eleven public utility operating companies. The subsidiaries include Jersey Central Power & Light Co., Municipal Service Company, and others. Equity behind Preferred has present market value of about \$9,000,000.

**MANY MERGERS IN MAKING**

Consummation of Huge Projects Expected in 1926 If Present Plans Hold

BY PAUL WILLARD GARRETT (EXCLUSIVE DISPATCH)

NEW YORK, Feb. 10.—Vast mergers more important than any in history are in the making. Many of these will be consummated in 1926, if present plans hold. Until recently observers to the movement for consolidation had not lifted a hand. Twenty years ago the whole country was up in arms against the very thing that it today accepts as good economics. Inspired by so favorable a reversal of public sentiment and encouraged by the sympathies of the party in power, the merger builders were in a position that made it easy to overreach themselves. Apparently some politicians believe that is what the bankers have already done.

At least, say certain gigantic mergers were on the point of consummation, objections are raised in political quarters. Does this new opposition mean that the big merger movement of 1926 will be checked?

The present movement toward consolidation arose from a condition of the times. The war left us with an enormous productive capacity. We had and still have more machines than we need. Introduction of modern methods of labor-saving devices have added to our productivity. Competition thus has become sharp, even bitter in places. Industry is busy, exceedingly busy, but the margins of profit in many cases are too narrow for comfort. It means that particular companies are constantly tempted to take business away from competitors by cutting prices. Up all of which is well understood by the leading industries that are sitting in conference to devise ways by which, through mergers and working agreements, operating expenses can be brought down.

So the present move is based on an economic condition that should carry it farther. But some companies have another lesson to learn. Certain executives apparently believe that the feeling of twenty years ago has been entirely wiped out. It has not. In the more active days of Roosevelt the country opposed business simply, among other reasons, for its bigness. Today the country does not oppose big business as such but it

insists that if business is allowed to grow big it must be good. A feeling has grown in Wall street that opposition even to certain recent mergers would not have developed except for features that were not necessary to the main plan. It was natural that the first warning should come to persons interested in forming a food merger rather than to persons that have turned attention to railroad or public utility consolidations. Some control over what we eat hits a little nearer home than anything else.

Timely warnings of this sort will not throw cold water on a movement that was just getting nicely under way. In the long run they will help. Future mergers will be planned more carefully than have many proposed in the past, for our executive now understands that there are certain limits beyond which they must not go.

**NEW INVESTMENT COMPANY FORMED**

George L. Ohlstrom announces his resignation as vice-president in charge of the New York office of P. W. Chapman & Co., Inc., and the formation of G. L. Ohlstrom & Co., Inc., to underwrite and distribute investment bonds in New York. Howard M. Erskine, formerly vice-president and manager of the sales department of the New York office of P. W. Chapman & Co., Inc., and Edward A. Sachs, formerly director of out-of-town distribution in the East for the same firm, are associated with the new company as vice-presidents.

PASTURAGE CONDITIONS (BY A. P. NIGHT WIRE) SACRAMENTO, Feb. 10.—Condition of pasture in California was 73 per cent of normal on the 1st inst., states a report issued by the agricultural statistician here today, as compared with 85 per cent last year and 58 in 1924. Ample feed for cattle and sheep is predicted as a consequence of the general rains beginning January 28.

SUGAR PRICES (BY A. P. NIGHT WIRE) NEW YORK, Feb. 10.—Raw sugar, 4.37; refined sugar, 4.25 to 4.30.

**INSURANCE FIRM HAS GOOD YEAR**

Great Republic Life Sales in 1925 Reported Largest in Company's History

Life insurance in force with the Great Republic Life Insurance Company of Los Angeles on December 31, last, amounted to \$1,720,000, according to the report issued yesterday at the annual meeting of stockholders. New life insurance paid for during the year amounted to \$10,431,965, representing the best year in the history of the company.

Total paid to policy holders and beneficiaries in 1925 was \$182,334, making a total paid since the company began business of \$1,272,483. The ratio of actual to expected mortality experienced during the year was 26.8 per cent. Admitted assets of the company on December 31, last, amounted to \$3,301,390.17, and the gain in surplus recorded was \$49,545.

The company is on a dividend paying basis, and in an address to the stockholders, W. H. Savage, vice-president, stated that it has ambitious plans for the extension of its operations during the ensuing year. The company's field now consists of California, New Mexico, Arizona, Texas, Arkansas, Missouri and Kansas.

At the annual meeting of stockholders, the following board of directors was re-elected: A. O. Birch, president; W. H. Savage, first vice-president; J. O. Smith, second vice-president; George H. Woodruff, third vice-president; L. E. Smith, D. C. Williams and F. B. Olds, secretary and treasurer.

**Why We Are Dealing In Foreign Dollar Bonds**

The steady decline in interest rate which has been in progress in the United States for several years has made increasingly difficult the selection of sound bonds for the investor desiring a 7% to 7 1/2% income on his capital.

Under present conditions the choice lies clearly between domestic corporation obligations which are unseasoned or enjoy a restricted market and foreign dollar bonds which sell at a high yield because the demand for capital is great and the security lies outside the United States.

Anticipating this interest in foreign securities BLYTH, WITTER & CO. several years ago began a

careful survey of the foreign situation which has been in progress in the United States for several years has made increasingly difficult the selection of sound bonds for the investor desiring a 7% to 7 1/2% income on his capital.

As a result of careful investigation, we have reached the conclusion that wisely selected and properly safeguarded foreign bonds offer an unusually attractive opportunity for sound and profitable investment. We believe every investor who desires a well balanced list yielding a good income can well afford to include a reasonable proportion of high-grade foreign securities.

Our current list of foreign dollar bonds yielding 7% to 7.70% will be gladly mailed you on request.

### CONSERVATIVE INVESTORS WHO WANT— Sound Security Good Yield Convenience Should Investigate "CERTIFIED" FIRST MORTGAGES

From the viewpoint of Security, Yield and Convenience, the three most important requisites of any investment, "Certified" First Mortgages are the best of today's investment opportunities. The yield of 7% or 8% is exceedingly good when you consider the security, individual home or income property, new, well-built and in desirable locations; property that you see and select, and actually worth at least twice the amount of the mortgage. There are many additional features that make "Certified" First Mortgages different and more desirable than ordinary First Mortgages. Let us explain in detail and send you our complete list of mortgages in amounts of from \$1500 to \$20,000.

### OIL STOCKS IRREGULAR; BANKS QUIET

**Julian Preferred Higher;  
Union and Associates Off;  
Edison Common Gains**

Julian Petroleum preferred featured an irregular market on the Los Angeles Stock Exchange yesterday with an advance of  $\frac{1}{4}$  of a point to a close at 21, with a large number of shares crossing the board. Julian common held firm at 54. California Petroleum, the bright spot in the oil list on Tuesday, reacted and closed  $\frac{1}{4}$  point lower at 36. Standard Oil of California moved up  $\frac{1}{4}$  to 60, and closed at 60, a net gain of  $\frac{1}{4}$  of a point.

Union Oil of California opened  $\frac{1}{4}$  higher at 44, and after selling firm at that figure during most of the morning session, declined during the afternoon to a close at 43, a fractional net loss. Union Associated opened firm at 45, and followed the course of Union Oil by declining to a close at 44, a net loss of  $\frac{1}{4}$  of a point. Shell-Union closed steady at 27. Associated Oil was firm at 53. Los Angeles Investment continued its steady advance of Tuesday and moved up to 3.25, reacting to a close at 3.15, a steady figure. Southern California Edison common showed strength and opened  $\frac{1}{4}$  up at 12.5, and advanced further to a close at 13, a net gain of  $\frac{1}{4}$  point. Edison 7 per cent and 8 per cent preferred issues were fractionally lower at 11.15 and 9.8, respectively. Bancital Corporation opened at 34 and closed at 32, after selling up to 34.3. American Commercial Corporation was firm at 20.1.

Western Lead added 1 point to a close at 1.31, after opening 3 points higher at 1.33. Big Jim Mines held firm at 17, while Gold Dust added  $\frac{1}{4}$  of a point to 19. Katherine Extension moved up  $\frac{1}{4}$  to 9 and North Star,  $\frac{1}{2}$  to 3. Prince Consolidated sold at  $\frac{1}{4}$ .

### Cities Service Company Refunding 6% Gold Debenture Bonds

Cities Service Company owns directly or indirectly a majority of the common stock of each of more than sixty public utilities comprising a large and successful system of electric light and power, manufactured and natural gas, heat, water, ice and street railway companies, serving more than 600 communities in 18 states, and of more than forty companies representing an important system of oil production, transportation, refining and marketing.

1925 net earnings, after all taxes, were \$18,989,071 or more than nine times the annual interest charges on the company's funded debt, including these Debentures. The stocks following these Debentures have a market value of approximately \$200,000,000.

At the current price of 93 1/2 and interest, we recommend these Debenture Bonds of 1926 as a highly desirable investment. Descriptive circular is available.

### BOND QUOTATIONS

#### Coppers Feature

(BY A. P. NIGHT WIRE)

NEW YORK, Feb. 10.—Chief buying interest in today's bond market centered in railroads and copper issues with a loss of interest in traction, oil and other securities which had played a conspicuous part in the recent upturn.

Railroad issues were under accumulation. Prospective merger developments accounted for a great deal of the activity, especially in such issues as Chicago and Alton 5 1/2%, which moved up 3 points to a new high above 55. Delaware and Hudson obligations also responded to the announcement that the Interstate Commerce Commission would reconsider the proposal for a trans-Pennsylvania line which might form the backbone of L. F. Loree's suggested fifth eastern trunk line, Baltimore and Ohio refunding 6% Western Pacific 5% and Denver and Rio Grande Western 5% were other outstanding strong spots.

Copper bonds advanced under the leadership of Anaconda 7% and Chile 5%, both of which sold at the year's top prices.

Profit-taking continued to reduce the recent gains of the local transit lines.

Bankers have virtually concluded negotiations for a \$30,000,000 loan to the Italian Credit Institute to finance the finance of hydro-electric enterprises in Italy. A bond issue for this enterprise is expected to appear next.

Followers are watching high, low and closing prices of bonds on the New York Stock Exchange and the

### Standard and Pacific Merger Plan Adopted

A resolution authorizing the sale, assignment, transfer and conveyance of the assets of the corporation to the Standard Oil Company of California, a new company incorporated under the laws of Delaware, was adopted yesterday at a special meeting of stockholders of the Standard Oil Company (California). In San Francisco, called for the purpose of passing upon the proposal to consolidate the Standard Oil Company and the Pacific Oil Company.

**NEW YORK CURB**  
Market Irregular  
NEW YORK, Feb. 10.—Renewed weakness of the coal stocks and the strength of the coal stocks on persistent rumors that the secret negotiations looking to an early resumption of anthracite mining were pending were the contrasting features of today's irregularly lower curb market.

Continental Baking B broke 4 3/4 points to 18 1/2 on selling pressure. The stock was held by the Federal Reserve Commission hearing that William B. Ward received 5,000,000 shares of that stock in return for a contract owned by him for the acquisition of the American Bakery Company of St. Louis. General Baking A was hampered down 2 3/8 to 6 1/8 and the B dropped 1 5/8 to 11 1/4.

Standard Oil of California advanced over a point to 58 3/4, coincident with the announcement that stockholders had ratified the merger of that company and Pacific Oil. Heaviness again capped off in some Latin-American issues. Carbide Syntexate selling down over a point to 14 1/4. Lago issues yielded fractionally. Glen Alden Coal was bid up 4 points to 160 and then eased slightly. Lehigh Valley Coal closed fractionally higher at 33 1/2 after having touched 43 1/4. American Seating touched a new record top at 33 1/2 and then broke to 32 1/2 for a net loss of 3 points on the day. Southern Dairies issues were heavily bought on reports of increased business.

Trading in the power stocks was rather quiet. Electric Bond and Share advanced 1 1/2 points to 12 1/2 but Power Corporation of New York fell 1 3/4 to 80.

**Western United Corporation**  
Thirty-Year 6 1/2% Sinking Fund Collateral Trust Gold Bonds, Series A

Dated December 1, 1925. Due December 1, 1955. Redeemable as a whole or in part on the first of any month on 30 days' notice at 105 and accrued interest to and including December 1, 1936, and thereafter at par and accrued interest, plus a premium of 1/4% for each year or portion of year of unexpired term. Semi-annual interest, June 1 and December 1, payable in Chicago or New York. \$1,000 and \$500 Coupon Bonds with privilege of registration as to principal; interchangeable with respect to denominations. The Bank of America, New York City, Trustee.

The Corporation agrees to pay interest without deduction for any Normal Federal Income Tax up to 2%, which the Corporation or the Trustee may be required or permitted to pay at the source, and to reimburse the holders of these bonds, if requested within 60 days after payment, for the California, Connecticut and Pennsylvania Personal Property Tax, not exceeding 4 Mills, the Maryland Personal Property Tax, not exceeding 4 1/2 Mills, the District of Columbia Personal Property Tax not exceeding 5 Mills per annum and for the Massachusetts Income Tax on the interest, not exceeding 6% of such interest per annum.

Mr. Ira C. Copley, President of the Corporation, summarizes as follows:

Western United Corporation, organized under the laws of Illinois, controls Western United Gas and Electric Company, which (directly or through subsidiaries) serves a population of about 360,000 in 80 communities in Illinois, supplying gas in all of these communities, electric light and power in 8 communities and water in one and the electric railway business in and between Aurora and Elgin and the steam heating business in Aurora. The Corporation also owns a 50% interest in Western Public Service Company, which owns the distribution system furnishing electricity to Naperville, Hinsdale, Downers Grove, Westmont and Clarendon Hills.

**CAPITALIZATION**  
(Upon completion of present financing)

Collateral Trust 6 1/2% Gold Bonds, Series A (this issue)	\$3,000,000
Preferred Stock 6 1/2% Cumulative	6,000,000
Class A Common Stock (without par value)	60,000 shs.
Class B Common Stock (without par value)	131,250 shs.

Upon completion of this financing there will be outstanding in the hands of the public \$22,500,000 of bonds and \$6,500,000 of preferred stock of its subsidiary company (Western United Gas and Electric Company).

**SECURITY**  
These Bonds constitute the only funded debt of the Corporation and are secured by deposit with the Trustee of (a) 200,000 shares being all of the common stock of Western United Gas and Electric Company, of Illinois (which owns in fee the property formerly owned by Western United Gas and Electric Company, Southern Illinois Gas Company and Fox River Electric Company, and the electric property formerly owned by Aurora, Elgin and Fox River Electric Company, and all of the stock and securities of Aurora, Elgin and Fox River Electric Company and Coal Products Manufacturing Company); (b) 1250 shares being one-half of the common stock of Western Public Service Company (of Illinois).

**EARNINGS**  
(Consolidated Income Accounts for 12 Months Ended October 31, 1925)

Gross Revenue and Other Income	\$6,047,443
Operating Expenses, Maintenance and Taxes	3,475,164
Net Earnings	\$2,572,279
Prior Charges of Subsidiary Company: (Interest on Funded Debt, Dividend on Preferred Stock in Hands of Public and Provision for Depreciation)	1,881,868
Balance	\$690,911
Annual Interest Requirements on \$3,000,000 80-Year Collateral Trust 6 1/2% Gold Bonds (this issue)	195,000
Balance for Dividends, etc.	\$495,911

The above balance available for interest on these Bonds is over 3 1/4 times the annual interest and about 3 times the annual interest and sinking fund requirements of the bonds to be outstanding.

**SINKING FUND**  
The Trust Indenture provides for semi-annual sinking fund payment to the Trustee, beginning December 1, 1926, of the excess of \$115,500 over the semi-annual interest payment. This semi-annual sinking fund payment is subject to adjustment as Series A Bonds are increased by additional issues or decreased other than through the sinking fund, so that such sinking fund shall be sufficient to retire all of the outstanding Series A Bonds by maturity. The Company is privileged to turn in toward satisfaction of any sinking fund payment bonds purchased by the Company at their cost not exceeding the redemption price and exclusive of accrued interest. The moneys in the sinking fund are to be applied to the retirement of Series A Bonds by purchase in the open market or by call.

**MANAGEMENT**  
The principal properties of the Corporation and subsidiaries have been developed under the same executive management for over 36 years. The properties will be operated, under contract by the General Engineering and Management Corporation, which has wide and successful experience in the operation of utility properties.

These Bonds are offered when, as and if issued and received by us and are subject to the approval by our attorneys of all legalities incident thereto. It is expected that Temporary Bonds will be ready for delivery on or about February 24, 1926.

Mildred Mae McNaughton

INDICATING a settlement out of court, the suit for \$100,000 damages for asserted alienation of affections brought by Mrs. Mildred Mae McNaughton against her mother-in-law, Mrs. John A. McNaughton, society woman and wife of the president of the Los Angeles Union Stockyards, has been dismissed, it was learned today.

The husband, whose affections were involved in the action, is John Lindsey McNaughton, to whom the plaintiff said she was married February 9, 1925. The younger Mrs. McNaughton charged her mother-in-law harbored an intense dislike for her and maliciously sought to alienate the affections of McNaughton. In line with this asserted policy, the defendant was

said to have sought to procure a separation between the plaintiff and her husband by means of coaxing and threats to have her son disinherited by his father.

Mrs. McNaughton, the plaintiff, who filed her action through Attorney Krug and Courtney, has pending a suit for divorce. Terms of the settlement which resulted in the dismissal of the alienation action were not revealed.

The elder Mrs. McNaughton, who was represented by Attorneys Cohen and Bacon, had filed an answer in which she made a general denial of the charges by her daughter-in-law.

he had been interviewed by Goodyear officials about the shortage they found in the accounts of the company.

**CULTURISTS MEET TODAY**  
The monthly meeting of the Dahlia Society of Southern California will be held on the ninth floor of the Chamber of Commerce Building at 8 p.m. today, according to F. D. H. Moore, secretary.

The principal feature will be a round-table discussion of timely cultural practices. Anyone interested in dahlias is invited.

**Dividends Regularly for 40 Years**  
Constant war on waste  
Products of first quality  
Uninterrupted dividends  
Stability of earnings  
Small profits per pound on large volume

The life history of Swift & Company's operations is thus briefly summarized.

The chemical laboratory and the constant search for improved methods have reduced waste to a minimum. They have also enabled us to improve greatly the quality of your meat.

Thrift and conservative policies have made it possible to pay dividends without interruption for 40 years, although our profits have averaged only a fraction of a cent per pound of product.

Swift & Company thrift has benefited others beside Swift shareholders. A portion of the gains resulting from thrift is passed along to the producers of live stock and to the consumers of meat. Competition sees to that.

Expect Los Angeles Hearing Will Close Today  
State Bank Official to be Heard in Bay City  
Fireworks Featuring Other Sessions Absent

Completion of the hearing before State Supreme Court Clerk Taylor, acting as a special commissioner, on a petition for a writ of mandamus sought by the Bank of Italy to compel State Bank Superintendent Johnson to issue charters for two additional branch banks in Los Angeles appeared in sight yesterday as a result of the announcement only several more witnesses are to be called at the hearing in this city.

It was anticipated when yesterday's session was finished that the hearing before the Los Angeles branch of the court would be completed by the time the examination of Johnson was completed. This will require at least three more days, it was stated, and Johnson will be called to complete his testimony and for rebuttal purposes.

**FIREWORKS ABSENT**  
Yesterday's session before Clerk Taylor was drawn in comparison to the proceedings of two days previously, which were marked by heated arguments between attorneys representing five prominent Los Angeles bankers and Garret W. McKenney of San Francisco, counsel for the Bank of Italy, who threatened contempt proceedings against the five local bankers for declining to answer certain questions he propounded.

The witnesses yesterday included Miss Grace E. Stoerner, manager of the woman's department of the Bank of Italy; J. E. Beale, assistant cashier of the Seventh and Olive-street branch, and A. H. Troupe, manager of the International branch, Temple and Spring streets, whose testimony was merely of a statistical nature, and John Lopicz, chairman of the advisory board of the International branch, who was president of the International Exchange Bank before it was consolidated with the Bank of Italy.

Mr. Lopicz testified the earnings of the International branch approximated between \$170,000 and \$180,000 yearly and that the business of this branch was based almost entirely on a personal equation.

This information was imparted by the witness when he was cross-examined by James Oliver, attorney for Johnson, for the most part Mr. Lopicz's testimony concerned the necessity of another branch bank at Sunset Boulevard and North Spring street, which was denied by Johnson. He said that while other banks had been allowed branches in that district the bank he represented had not and that a branch was needed at that particular location to accommodate clients to go to the International branch.

When he was asked if it was not possible for the other banks to handle the business of the foreigners by placing interpreters in their banks Mr. Lopicz replied: "There is only one John Lopicz."

**SEES BRANCH NEED**  
Miss Stoerner asserted she had canvassed the district in the neighborhood of 833 South Flower street, for which location Johnson also denied a charter, and found there was a desire for a branch bank. "This district," she testified, "is becoming a revenue shopping district of Los Angeles."

The hearing on the mandate petition started on November 17, 1925, when Johnson refused to issue the charters on the ground that public convenience and necessity do not require it. Many witnesses have been examined since the proceedings were instituted and more than 150 exhibits introduced. The head office of the Bank of Italy is in San Francisco and seven branches are located here.

Clerk Taylor is expected to submit his findings to the State Supreme Court following the final hearing in San Francisco. He was appointed special commissioner because the Supreme Court does not take formal testimony.

**Change Made in Roles of Judge and Defendant**

The roles of judge and defendant were reversed for a few minutes yesterday in Municipal Justice Turney's court, somewhat at the discomfiture of Juan Martinez. Martinez was making a plea for leniency when Justice Turney said: "Now suppose you were the judge I the defendant, what would you do in this case?"

Martinez scratched his head. "I'd say," he said, "you were an old man, never in trouble before, not accustomed to liquor and having a family to support, and I'd fine you about \$15."

"Your Honor forgets," put in Deputy City Prosecutor Thomas, "that you were before Police Judge Sheldon within a year, and that you have a daughter who contributes more to your support than you do to hers."

"If I have deceived the court that is a very serious offense," said Justice Turney, "so the fine will be \$300."

**RECEPTION TO OPEN HEALTH PLAYGROUND**

A reception for the opening of the playground adjoining the free health center of the Parent-Teacher Association at 246 Yale street will be held from 3 to 5 p.m. Sunday at the health center. There will be demonstrations of the work of the center, and four pictures donated by the Otis Club Institute will be unveiled. The playground will be for the diversion of children awaiting treatment at the health center.

**Bullock's Closes at One o'Clock Saturdays!**

**Bullock's . . . "One o'clock Saturday" . . . Basement Store**

**\$3.95**

**A Special Purchase On Sale Friday**

## So Many of the Smarter New Silks Are Washable—

Spring silks have achieved a practicality they have seldom if ever enjoyed. The new silks, those most favored for daytime and sports wear, are washable. Quite an item to consider in planning your Spring wardrobe.

For instance, there are the smart rough weaves, Chinese damask, Rajah, Toile Rustique and Man Chu Damask. All as intriguing as their names. Also striped tub silks, crepes, Borada crepes and plaid armure, always popular but exceedingly so this season. Such silks are priced \$1.95 to \$4.75 a yard.

### How Beautiful New York Actresses Get Slender With SILPH REDUCING GUM—FAT ROLLS OFF

WHILE YOU CHEW

No diets—No exercises—No dangerous drugs—3 pieces of delicious and refreshing chewing gum a day and gone is the FAT!

IT IS no secret today that New York's most beautiful actresses, models and chorus girls are chewing SILPH Gum to reduce and keep trim and slender because they have found it the easiest, safest and cheapest way to get their weight down without having to ruin their health or looks with weakening diets or strenuous exercises.

SILPH Gum works while you chew—Nothing to do—Nothing to take internally—It is better than eating candy—it's just as pleasant and it tones up your entire system while it reduces you.

SILPH Reducing Gum contains the extracts of sea plants and herbs which have a peculiar and wonderful effect on eliminating excess fat. At the same time SILPH is remarkable to relieve indigestion and stomach trouble.

"SILPH Reducing Chewing Gum keeps me slender and well," says Tyne, beautiful actress from Earl Carroll's Vanities.

You chew SILPH as you would any ordinary chewing gum. SILPH is so agreeable, pleasant and refreshing that you will hate to give it up after you have obtained the ideal proportion.

For those who are only plump, but fear the dreaded excess FAT creeping on one's sides, SILPH is a day will keep them relieved FAT away and you'll be able to eat all you want—SILPH is guaranteed absolutely harmless—DOES NOT CONTAIN THYROID OR ANY DANGEROUS DRUGS—it is the ideal way to reduce because it is so safe and cheap! Try it today.

"The first order of SILPH has helped me wonderfully—I lost 7 pounds in a week." Miss C. Collins, Genesee, Ill.

"Chew SILPH and be SYLPH-LIKE"

Get SILPH from any good drug store—write for one at once, enough for one week. Distributed by Silph Medical Company, 3 West 6th Street, New York City.

On sale at any OWL or any other good Drug or Department store.

## Of Interest to Women.

### SOCIETY

BY JUANA NEAL LEVY

Of more than usual interest was the announcement made yesterday afternoon by Dr. and Mrs. Jack Keith of Wilshire Boulevard of the engagement of their attractive young daughter, Miss Katherine Keith, to Lewis Curtis Torrance, Jr., son of Mr. and Mrs. Lewis Curtis Torrance of Oak Knoll, Pasadena. The news was disclosed to a coterie of Miss Keith's most intimate friends at a luncheon which Mrs. Keith and her daughter entertained at their home, ostensibly in honor of two cousins from Glasgow, Scotland, who are their house guests, Miss Helen Hopkins and Miss Anne Hopkins.

A novel idea was evolved in the announcing of the engagement, for after the dessert course little Bob, son of Commander and Mrs. William Robert Monroe (Katherine Johnson), came rushing into the dining-room calling out "an extra," and sold to each of the guests a tiny edition with the formal announcement of the engagement, the news being a starting surprise to the party, as no one had had even an inkling, so closely had Miss Keith guarded her secret. The wedding will be one of the brilliant events of the late spring or early summer.

The house was a bower of fragrant peach blossoms and foliage while the luncheon table held as centerpiece an immense cluster of lilacs of the valley in an exquisite silver basket, with sprays of maidenhair ferns and tulips.

Miss Keith, who, by the way, is the granddaughter of Thomas Blythe, one of the pioneers of Wyoming, having come to the United States from his home in Scotland, came with her parents and grandfather to Los Angeles six years ago from Salt Lake City. She was graduated from Marlborough School and later from the Rayson School for Girls in New York, and for the past few years has been traveling abroad, going over the first time with her grandfather and uncle, and last summer crossed with Elinor Moses, passing some of the time in Paris and later in Scotland, visiting relatives.

Mr. Torrance belongs to a pioneer family of Southern California. He is the nephew of Jared

### Every crumb has a pedigree of goodness

EVERY element that goes into making Gordon's Bread is pure and good—every loaf, every crumb, has a pedigree of goodness! You can almost tell that by looking at a loaf of Gordon's—its golden-brown crust is so attractive looking, so even, and crispy-good to see. But taste it. That's the test. That's the only way to find out just how much smooth, creamy goodness that delicious-looking crust surrounds!

Gordon's turns the bread-eating habit into a delightful treat. You'll say you never dreamed bread could be so good. And Gordon's is always fresh—delivered to your grocer warm from the oven twice every day. Every loaf in a sealed, dust-proof wrapper. Insist upon Gordon's!

THE extended visit which Mrs. George Leslie Smith and Mrs. Judson Claudius Rives have been making eastern cities has afforded the reason—there for many delightful affairs in their honor at a dinner given by Mrs. George M. Nowell.

Mrs. Smith and Mrs. Rives have been having a most delightful and fascinating time, but are beginning to cast longing eyes toward Los Angeles, and it would not be surprising to hear them stepping from the train here in a few days.

Delightful Reunion

In celebration of the arrival of their son from China, accompanied by his bride, the home of Mr. and Mrs. A. M. Row, 1624 West Twenty-third street, was the scene of a happy family reunion and dinner on Saturday afternoon, attended by all the sons, daughters and grandchildren. Those present were Mr. and Mrs. A. M. Row, Mr. and Mrs. Albert C. Row of Tientsin, China, the bride and groom; Miss Floy M. Row, Mr. and Mrs. Luther K. Row, daughter Alma and son Robert.

There are many brands of good coffee, Americans, but IRIS—well, it's wonderful coffee.

—and there are over 300 other IRIS Wonderful Things to Eat!

**FLASHES**  
**WESTERN STAR**  
FORMER ENGINEER-ATHLETE  
GIVEN BIG BOOST  
By Grace Kingsley  
However much the drama of the wide open spaces may be kidded in song and story, the fact is that it goes merrily along. Wherefore we weren't surprised yesterday to learn that Charles R. Rogers, who is the latest producer to hop into the arena for the purpose of making western pictures, has signed a brand new star.  
The new star is Ken Maynard, whom you may perhaps remember playing Paul Revere in "Janice Meredith" and who will play the leads in the western series. Although Maynard is as yet almost unknown to film fame, he has really had considerable picture experience, during which he has been under the watchful eye of film prophets. They predict he will have no difficulty in justifying the state of stardom to which he has been exalted.  
A native of Texas, Maynard is of the best type of American youth. He studied civil engineering at school and college, and has a degree in that branch, but spent his summer vacations on cattle ranches near his Texas home, practicing roping and riding stunts.  
One summer he joined a wagon show and found that he liked the show business. His parents objected to his choice of profession, but he kept right along going up in the circus scale until he became chief cowboy and star rider with such shows as Hagenbeck and Wallace, Robinson's, Sells, and later with Ringling Brothers and Barnum & Bailey.  
While in Los Angeles with one of these "biggest shows on earth," he was seen by film company officials, resulting in his signing a contract and being sent to California to make a picture. Since then Maynard's apprenticeship has been most thorough. In everything from juveniles to heavies and lastly to comedy roles.  
As stated above he played Paul Revere in "Janice Meredith," in which role he did some of the most sensational riding and breath-taking stunts ever seen in pictures. Negotiations are already under way between Rogers and a well-known director, and an announcement is expected shortly as to the story, scenario, and supporting cast for the first production.  
**Mac Busch's New Contract**  
Following the completion of the principal role in "Perce of the Devil," for which she was loaned to the Universal studios, Mac Busch has been placed under a new long-term contract by the Metro-Goldwyn-Mayer studios, where for some time past she has been a contract player. A new contract was signed where some of her most striking successes have been filmed.  
Among her outstanding successes are roles in "Foolish Wives," "The Great Divide," "Time, the Comedian," "The Unholy Three," and others.  
**Louise Dresser's New Role**  
Louise Dresser's star is rising regularly these days on the Paramount lot. Miss Dresser has just been selected by Allan Dwan for one of the most important roles in one of the most important roles in a special Allan Dwan production for the Paramount fall schedule.  
Miss Dresser had just completed one of the outstanding roles in Victor Fleming's "The Blind God," when Dwan proceeded to select her for "Padlocked."  
A strong and carefully chosen cast is one of the big features of "Padlocked." Florence Turner, an old favorite, is playing Lois Morane, a character role. Allan Simpson, Richard Arlen, and Charles Lane complete the cast.  
**Here and There**  
Allan Dwan is temporarily confined to his apartment at the Hollywood Plaza Hotel during a stage of influenza.  
Through an arrangement with Warner Brothers, both Willard Louis and Helne Conklin have been loaned to the William Fox company to appear in Fox pictures. Louis will appear in the title role of "Fitch," a Jack Ford special, and Conklin will play a role in Tom Mix's current picture.  
Eileen Percy has been signed to play the leading feminine role opposite Hoot Gibson in Universal's "The Phantom Bullet."  
Lola Todd, Wampas baby star of 1925, and now under a five-year contract to Universal, will have an important supporting role in Mary Philbin's next Universal feature, "The Star Maker."  
Clara Horton has signed to play the title role in "The Gallin Fool," with Mason Nowell directing for F.B.O. release.  
**Dorothy Dwan Graduates**  
Dorothy Dwan is the latest comedienne to plan deserting Thais for Melpomene. Just to show there is no hard feeling, however, Miss Dwan has consented to play one more comedy role, and even more is exhorting about as Larry Simon's leading lady in "Speds," directed by Dallas Fitzgerald. Miss Dwan got her first real taste of dramatic work. She liked it so much that she has signed to play a lead at Metro-Goldwyn-Mayer studio.

**Spain's Loveliest Dancing Star**  
Trini  
Famous international dancer who is to make her first appearance in Los Angeles next Monday night at the opening of the new Orpheum.

**SOLOISTS AND CHORUS PLEASE**  
Lyric Club Offers Variety in Program; Vocal "Antira's Dance" Novelty  
With J. B. Poulin conducting, the Woman's Lyric Club presented its second concert of the season last evening at Philharmonic Auditorium. Soloists for this occasion were Toska Tolcos, pianist; Harold Proctor, tenor, and Cornelia Glover, contralto. Mrs. M. Henning Robinson was accompanist.  
The program was replete with diversified offerings. The vocal ensemble numbers included some charming choral selections, among which the arrangement by Lucien G. Chaffin of the famous "Antira's Dance" by Grieg, possessed outstanding beauty. The words for this number were written by Eugene Carroll Newman. The selection was entrancingly rhythmic and blithesome in style, and the rendition the club evinced a noteworthy enunciation and commendable balancing of parts.  
A number of particular note were "Patter, Patter in an Out" by Rosette, G. Cole, and the choral ballad, "The Slave's Dream," from the arrangement by H. Alexander Matthews of the Longfellow poem. The tenor solo part to this was sung by Harold Proctor. The number was interpreted in an admirable manner, and well received. A composition by Ferdinand Dunkley entitled "Street Cries," while somewhat bizarre in style, was effective.  
Harold Proctor's singing of the solo, "Onward! Awake! Beloved," by Coleridge-Taylor, was very pleasing. His vibrant tenor voice showed a silver clarity in its tones, and his performance was marked by vocal artistry.  
Toska Tolcos again proved herself a brilliant pianist, offering two groups of numbers that included an impromptu, B. Flat Major, (Schubert) the Prelud, and a Chopin waltz, and an etude by Bauer.  
Her playing showed a mastery of technique, and in the Chopin and Sauer compositions many of the passages were particularly significant for their feathery lightness. Her playing is intellectual, but at times somewhat lacking in warmth. An encore, the Schiller arrangement of "By the Beautiful Blue Danube," was melodiously and rhythmically pleasing.  
Cornelia Glover, a young contralto, has been turned away by reason of the long lines waiting to gain admission the management feels it must continue this effort for a third week.  
The theater management is particularly keen to finish this run, as elaborate plans have been made for the opening and the subsequent showings of William S. Hart in his greatest success, "Fumbleweeds," which is to be immediately followed by the engagement of "Lady Windermere's Fan."

**THERE'S A SEAT TO SUIT EVERY POCKET-BOOK**  
ERLANGER'S  
**BILTMORE THEATRE**  
THE  
**STUDENT PRINCE**

**THANK-U**  
SATURDAY NIGHT  
This is the last week to see "Thank-U" at the Morosco, according to Manager Schroeder. Valentine's Day will usher in "The Back Slapper," a comedy-drama that comes from the clever pen of Paul Dickey.

**FINE BILL WILL OPEN NEW HOUSE**  
Orpheum Offers Noted Stars to Lend Luster to Inauguration Week  
Complete at last, in every detail, now may be announced authoritatively the opening bill for the new Orpheum, which the public will see for the first time next Monday night.  
Not a holdover is listed; all the acts with two exceptions are new here.  
After the rendition of the "Star Spangled Banner" and Elgar's "Pomp and Circumstance" march by the Frankenstein orchestra, and the usual topics and news reels the Temptations are to lead off, which, both these acts are old friends, and will serve to link the new Orpheum with the past.  
Then comes one of the great stars of the stage, Ruth Chatterton, making her debut in vaudeville, in Vincent Lawrence's comedy, "The Contender."  
Jimmy Nervo and Teddy Knox follow in their rollicking act, "Fantastic Frolics," which comes as a pause, intermission, which everyone may enjoy as his taste dictates.  
After intermission, again the biggest star in her class, Trini, will be offered. This Spanish dancer has never been to this Coast before, but her fame has preceded her. She is said to be Spain's loveliest girl and finest dancer.  
Dr. Rockwell, in "Quick, Quick, Quack," will be the essence of humor and the Meredith, smart young steppers, will bring the show to a close. All in all, the bill is in every detail to inaugurate the Orpheum's finest vaudeville home.

**EL PATIO TO OBSERVE LINCOLN'S BIRTHDAY**  
Friday night, Lincoln's Birthday will be celebrated at El Patio Ballroom in a manner befitting an occasion.  
Theater has found it necessary to hold over Ernest Lubitch's brilliant motion-picture production of "Lady Windermere's Fan" for a third week, beginning Saturday.  
The theater has been playing to capacity audiences for the past two weeks. It was never even thought that the Forum could care for the thousands who have clamored to see this delightful play from the pen of Oscar Wilde, told in the broad and human figures written across the screen by the great Lubitch.  
In fairness to the throngs who have been turned away by reason of the long lines waiting to gain admission the management feels it must continue this effort for a third week.  
The theater management is particularly keen to finish this run, as elaborate plans have been made for the opening and the subsequent showings of William S. Hart in his greatest success, "Fumbleweeds," which is to be immediately followed by the engagement of "Lady Windermere's Fan."

ALL-MEXICAN  
CONCERT GIVENCol. Velarde Talks on Need  
of National Co-operationJose Arias and Entertainers  
Feature KHJ ProgramMotor Transit Company Host  
at Noon Broadcast

BY PAUL SHEEDY

The ever-growing need for more active co-operation between the neighboring republics of the United States and Mexico was stressed over the microphone of KHJ by Col. C. J. Velarde, prominent Mexican official, who appeared at the tower studio to speak to the radio audience during the special "All-Mexican" program broadcast by Jose Arias and his entertainers in response to the flood of requests that greeted a similar concert some time ago.

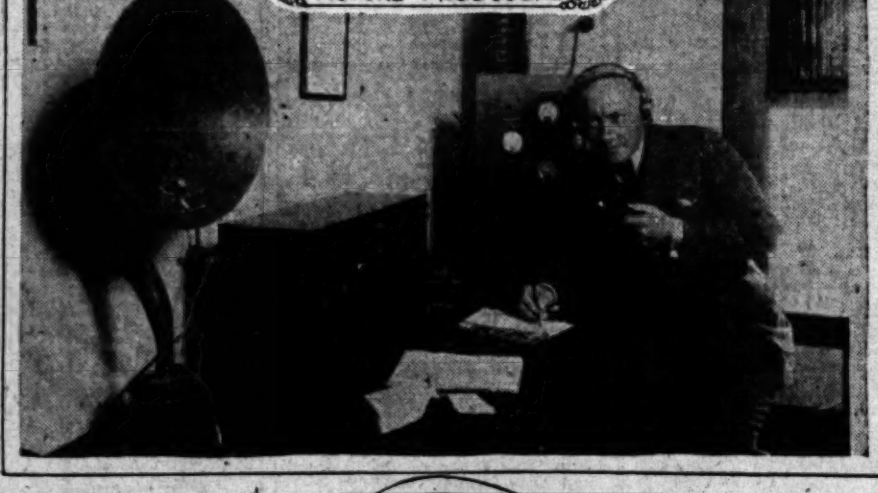

Beginning promptly at 8 o'clock and continuing until 10, this unique group of artists from the southern republic complied with a score of the urgent appeals for the melodies of their country, featuring a number of the colorful dances of Old Mexico. The success of the evening was aided by the appearance of the remarkable Los Angeles Railway orchestra, composed entirely of employees of the traffic corporation, with a list of instrumental selections. Another vocalist was added to the long roster of tower favorites when Dr. L. W. Cary, bass-baritone, made his debut over the air during the evening with several songs.

## BAUMGARTNER LECTURES

The complete roster of Jose Arias's group of Mexican entertainers includes Louis Velasquez, salterio; Paaco Velasquez, salterio; Antonio Corral, mandolin; Jesus Corral, mandolin; Francisco Ornelas, violin; Cristobal Ojeda, clarinet; Rafael Gomez, guitar; Alberto Corral, mandolin; Luis Diaz, singer; Frances Montes, singer; La Bella Raquel, dancer, and Jose Arias, guitar.

Prior to the main concert of the evening, Dr. Mars Baumgartner gave his weekly lecture on the marvels of astronomical science, explaining how science has turned its knowledge of heavenly phenomena to our present day needs. He was followed by Prof. Walter Sylvester Hertzer, the radio historian,

## Cecil De Mille Speaks Tonight Over KHJ

CECIL B. DE MILLE, MOTION  
PICTURE PRODUCERJOHN MARTIN,  
AT THE GULBRANSENRUTH PITTS,  
SOPRANOGLADYS BLACKWELL PICKERING,  
SOPRANO

giving another chapter of his long series.

The children's hour program included Mickey McLean, the "Scottish Laddie" of KHJ; Vivian Marple, the "Blue Bell" of KHJ; Betty Jane Vasconcelas, 11-year-old reader; Jean Turk, 7-year-old pianist; Ruth Sanson, soprano solo-

ist; Thomas Newman in "Uncle Tom's Tin Whistle," and two of the pupils of the Thompson Progressive School for Saxophone, Kathryn Thompson and a group of her artists pupil were also present for a special daylight broadcast from the studio, appearing from 3:30 until 4:30 o'clock, with Gracie Fox, talented dramatic reader, present as a special feature.

Fred C. McNabb, the widely known "Garden Man" of KHJ, gave his regular weekly discussion of plant and flower problems from 3:30 until 4:30 o'clock through the courtesy of the Aggeler and Musser Seed Company, with a musical part given to this hour by the appearance of the Mt. Phil Epiphany vocal trio in a group of excellent numbers.

The Motor Transit Company, sponsors of so many splendid entertainments for Radioland, were again hosts at the noon broadcast from 12 until 1 o'clock, presenting a large group of entertainers, featured by the presence of "The Student Prince" ensemble for the musical comedy now playing at the Biltmore Theater. "Uncle Remus," ever-popular darky monologist, was present with his usual chatter, with the success of the hour aided by the talents of Charles Craver, known as "Arkansas Charlie," Art Pabst, banjo and singer; Jack Williams, pianist, and R. Jiggins with his fiddle.

Tonight at 8 o'clock, one of the outstanding events of radio is scheduled when Cecil B. De Mille, noted motion picture producer and director, appears before KHJ's microphone with a special talk on the relationship between "Motion Pictures and the Public." This is the first time this screen leader has spoken to the radio public, although he personally owns and operates two 100-watt broadcast stations for his own film enterprises, one aboard his yacht, Seaward, and the other at his studios in Culver City. His talk is given in conjunction with the big concert being jointly conducted with The Times to obtain an idea for a great film classic, with thousands of letters already pouring in from all points.

De Mille is to appear during the special concert of the Builders' Finance Association on the air, from 8 until 10 o'clock, presenting Gladys Blackwell Pickering, soprano; Edward Novis, baritone; Lillian Ariel, concert pianist; Sol Hoopii and his Novelty Three, Frederick MacMurray, viola soloist, and Kathryn Thompson, concert saxophonist.

K-H-J  
The Times  
AND OTHER LOCAL STATIONS

Chief of Police Heath showed a neat profit for his liquor squad during the past month when he made the first report yesterday to the Council on the expenditures of his liquor fund. Last December the Council voted \$2500 a month to the Chief for the use of his liquor squad, but provided that he must make a monthly report.

The report came in yesterday for the period between December 28 and January 25. Fines and forfeitures amounted to \$25,363, there were 458 arrests, 137 convictions, three dismissals and 318 cases still pending, the report stated. Courts imposed 1600 days in jail and ninety days suspended.

## PRESENT "L'AIGLON"

Kap and Bells Society Opens Play  
Tonight

An elaborate production of "L'Aiglon" is being presented by Kap and Bells, honorary dramatic society of the University of California, Southern Branch, tonight and tomorrow night in Millispaugh Auditorium on the campus.

Beatrice Myers, who plays the role of the young Duke of Reichstadt, has had several seasons of professional dramatic experience. She also played Antigone in the Greek drama given on the university campus last year and Casandra in the "Agamemnon" presented at Stanford last summer.

EMPLOYEES INVITED  
TO SAFETY SCHOOLApproximately eighteen hundred  
invitations have been sent to various  
Los Angeles industries to  
register their employees for the  
Fifth Annual Industrial Safety  
School. Sessions will be held every  
Wednesday from the 17th inst. to  
March 24. John D. Maxfield, manager  
of the safety and fire prevention  
department of the Los Angeles  
Chamber of Commerce, under  
whose auspices the meeting  
will be held, announced yesterday  
that there has been a pleasing  
response to the invitations.

The first meeting, to be held in

the Chamber of Commerce, will be  
held on Wednesday, February 17, at  
8 o'clock.

The school is open to all employees  
of industries having a payroll of  
\$1000 or more per year.

The school is free of charge, but  
a nominal fee of \$1.00 is charged  
for the lunch and refreshments.

The school is held in the Chamber  
of Commerce, 12th and Broadway  
Streets.

up, throwing it one shadow upon the moonlit ground. The faraway moaning of the river, the bettering of a dolorous music of a passing weary-gurdy, the light laughter coming from contented hearts, and the Billy conscious of a certain clinging again to hold Minnie in his arms.

There had been living under the same roof, but Minnie treated him as if he were a stranger. She was seldom home for dinner, and when she came she was always coming late—often early in the morning, she went to her own room, shut and locked the door, and never came out. She was strangely formal with him. Billy knew he was no longer the same person, but he understood one thing—the fact that he and Minnie were man and wife. Marriage meant a life's job to Billy. He was a workaholic, and he understood how could happen which would separate Minnie and himself. Among his acquaintances there were no divorced ones.

He was desperately unhappy. He hated the life they were leading. He hated the fact that he was

**“Just a little sore throat”**

is the beginning of many a serious illness. Give it antiseptic treatment at once—just frequent gargles all day—just a spray or gargle night and morning.

Formamint provides a throat antiseptic of proved germicidal power with which you can fight throat germs continuously anywhere, anytime.

To treat sore throat, one every hour, or so. To prevent infection, one every two or three hours. All druggists.

**Formamint**  
GERM-KILLING THROAT TABLETS

**OPEN COURSE IN PRINTING**  
A course in woodblock cutting and printing will be given at the University of California extension division beginning tomorrow and meeting from 7 to 9 o'clock in room 615, Hillstreet Building. Frank Getitz conducts this class. Registrations are taken at 815 South Hill street.

kill they are settled.

Forbes was arrested in Hollywood recently, possessed, so police said, of unlawful liquor and an unlawful revolver. He is said to have told officers he had been working for a bootlegger and was being driven to protect himself from Blacks. Police described Forbes as about 28 years of age, with sandy hair.

When the driver was called a man of about 35 with black hair answered to the name. The trial began, but Deputy City Attorney Thomas disputed the identity of the defendant. Then Miss Stephens, who lives at 6418 Lillian Way, got up.

"If he's not guilty of the liquor charge, I know something he is guilty of," she said. "He has a car and two other men held up a car on Ventura Boulevard and tried to get away with a few dollars of mine, and me go to Tia Juana. Our escort got in a fight with them and they broke his nose. Another car came along then and they got in their car and drove on. When they stopped us they said they had started out with two girls of 16, but decided they were too young and they would take us instead."

Miss Stephens said a complaint about the matter had been filed with the police. The City Prosecutor and Justice Turner ordered the man, who still insisted he is Forbes, held for investigation.

## EXPERT ONDIANS

### WILL SPEAK TODAY

James Willard Schultz, authority on Indian lore, who has been commissioned by the United States government to rename the rivers, valleys and hills in Glacier Park, will be the chief speaker at the annual meeting of the University of Pennsylvania Alumni Association of Southern California at the University Club this evening at 8 p. m.

Mr. Schultz was one of the men among the Indians for thirty years. Secretary Sheldon of the Board of Education will talk.

**L**OCATED in the very heart of downtown San Francisco, The Clift opens its new building on Thursday, February 11th.

Standards of excellence traditionally Clift, remain unchanged. But, there has been added a new spaciousness and ease—a new charm of decoration and color—a new and brilliant beauty.

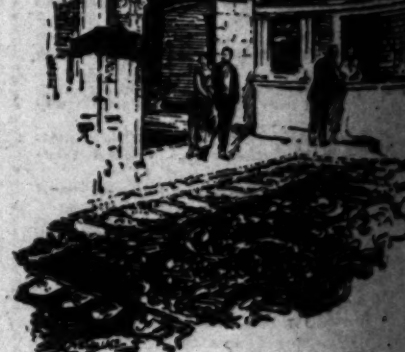

Furniture and furnishings in both private and public rooms are from original designs and specially manufactured.

Each guest room is an outside room—with bath. Suites of from two to five

rooms are available in attractive combinations.

Venetian Dining Room—the Coffee Shop and the Roof Lounge, seventeen stories above the street provide three different and distinctive types of dining service. A number of private dining rooms furnish settings of unusual charm for parties of from ten to a hundred or more people.

There are other conveniences and features too numerous to recount but which you will appreciate when you see and enjoy them. We cordially invite you to do this at your earliest convenience.

THE continued leadership of The Sun in advertising among New York evening newspapers was more pronounced in January than ever before.

In January The Sun led the second New York evening newspaper by 229,498 lines. The Sun's lead during this month was nearly a hundred thousand lines greater than in any preceding month.

The Sun's gain in total advertising in January of this year compared with January of last year was 206,894 lines. This was 72,204 lines more than the combined gains of all the other New York evening newspapers.

National Advertisers have found through experience that The Sun is an extremely effective medium through which to sell their products in New York and for this reason, month after month, and year after year, they use more space in The Sun than in any other New York evening newspaper.

Advertisers prefer The Sun to all other New York evening newspapers because of its demonstrated superior selling power—a selling power that is due to an unusually responsive circulation.

The Sun is read by people who have the means as well as the desire to buy what they need and want—people who have confidence in The Sun as a newspaper and who respond readily to the advertisements which it publishes.

A very rigid censorship on all advertising is maintained.
